

Company Profile

About Us

Azhar Al Madina Landscape is a leading Landscape and Gardening Design Company. Attractive landscaping is the first thing people see when they walk onto your property. Professional landscaping environment and also adds value to your property, whether commercial or residential. Azhar Al Madina Landscape and Gardening Design Company has been maintaining its commitment towards quality, value for money, loyalty, customer delight and outstanding services provides reliable and innovative system design, installation, management, adjustments, and repairs. Regular landscape changes in appearance and conditioning over time, which is why a maintenance program is an important means of protecting this important property asset.

Azhar Al Madina Landscape provides Irrigation System which is a method of applying irrigation water which is similar to rainfall. Water is distributed through a system of pipes usually by pumping. It is then sprayed into the air and irrigated entire soil surface through spray heads so that it breaks up into small water drops which fall to the ground.

We offer irrigation services as a standalone contracts in UAE along with other services such as construction, maintenance and/or residential landscaping packages. Suitable for Residential, Industrial, Hotel, Resorts, Public & Government Enterprises, Golf Links, Race courses Etc...

Our Mission

Our mission is to provide an unequalled landscape solution and value to each client while always respecting and protecting the environment. We believe that landscape professionals should always play a key role in caring the environment.

Our Values

Our clients are our most important partner in our business. We want to help them to realize their unique landscape solution so that they can enjoy their outdoor space, to make people's lives better.

We find fulfillment in creating stunning and efficient landscapes and we approach every project with the mindset of an artisan, to provide highest quality landscape services.

We maintain exceptional standards and our commitment is to provide the highest quality landscape services ever possible.

Project Planning

- Requirement gathering
- Prototype designs
- Suggestions
- Finalization
- Implementation
- Maintenance

Our Landscape Designer

We begin the landscape design process with a personal consultation at your home to identify the unique features and specific challenges of your property. We discuss your personal needs, plant choices, and how much time you would like to spend maintaining your garden and landscaping options. Then we blend our expertise with your ideas and create a unique master plan for your home that compliments your lifestyle.
